THREE HTML MINI PROJECTS

Project summaries, process flowcharts and reference screenshots

01	**Community Service Project**	A webpage describing goals, beneficiaries, volunteers, activities and outcomes.
02	**User Authentication Website**	A webpage containing registration, login, password recovery and profile forms.
03	**Indian Tourism Website**	A webpage presenting Indian monuments, festivals, destinations, cuisine and travel

Prepared from the three HTML code screenshots supplied.

1. Community Service Project

Purpose

This webpage explains a community service initiative that aims to help people and improve society.

Main sections and features

• Project objectives: keep surroundings clean, create education awareness, plant trees and help poor people.

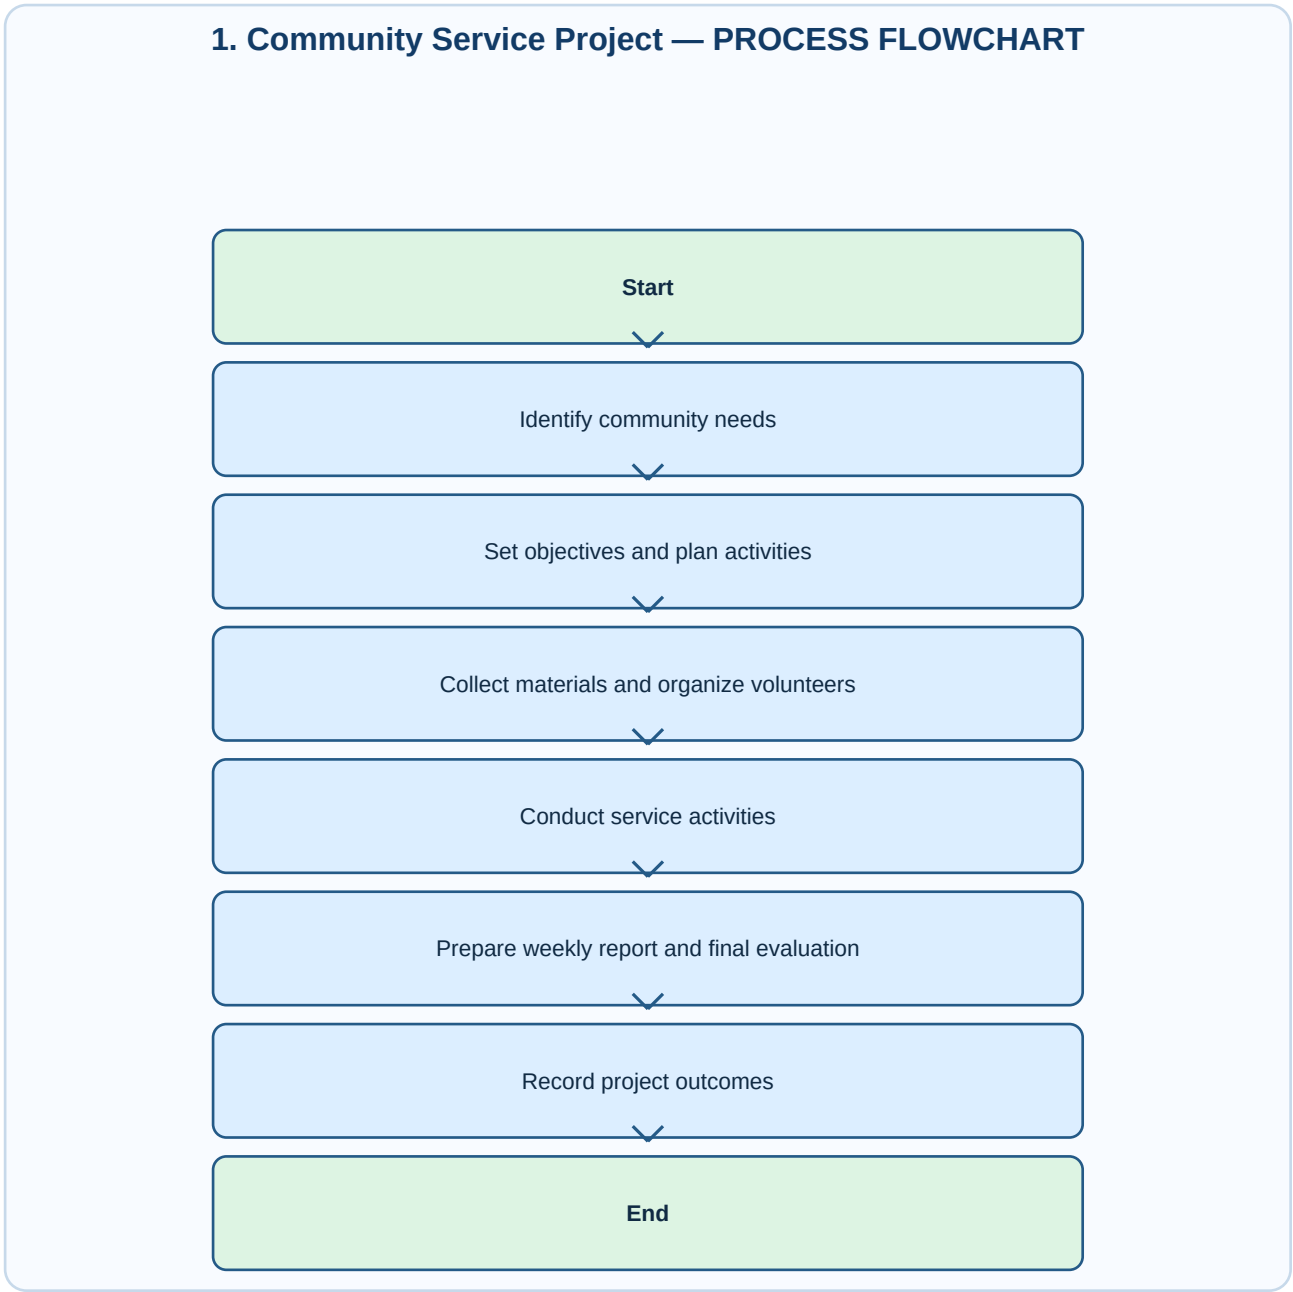

• Beneficiaries: students, children, elderly people and poor families.

• Implementation stages: planning, collecting materials, conducting activities and preparing a final report.

• Volunteer roles: team leader, coordinator and members.

• Timeline and weekly reports: planning, awareness campaign, community activities and final evaluation.

• Expected outcomes: improved cleanliness, environmental awareness, teamwork and leadership skills.

2. User Authentication Website

Purpose

This webpage groups common account-related forms in one place. It demonstrates the front-end layout for registration, login, password recovery and profile setup.

Main sections and features

• Registration: full name, email and password fields.

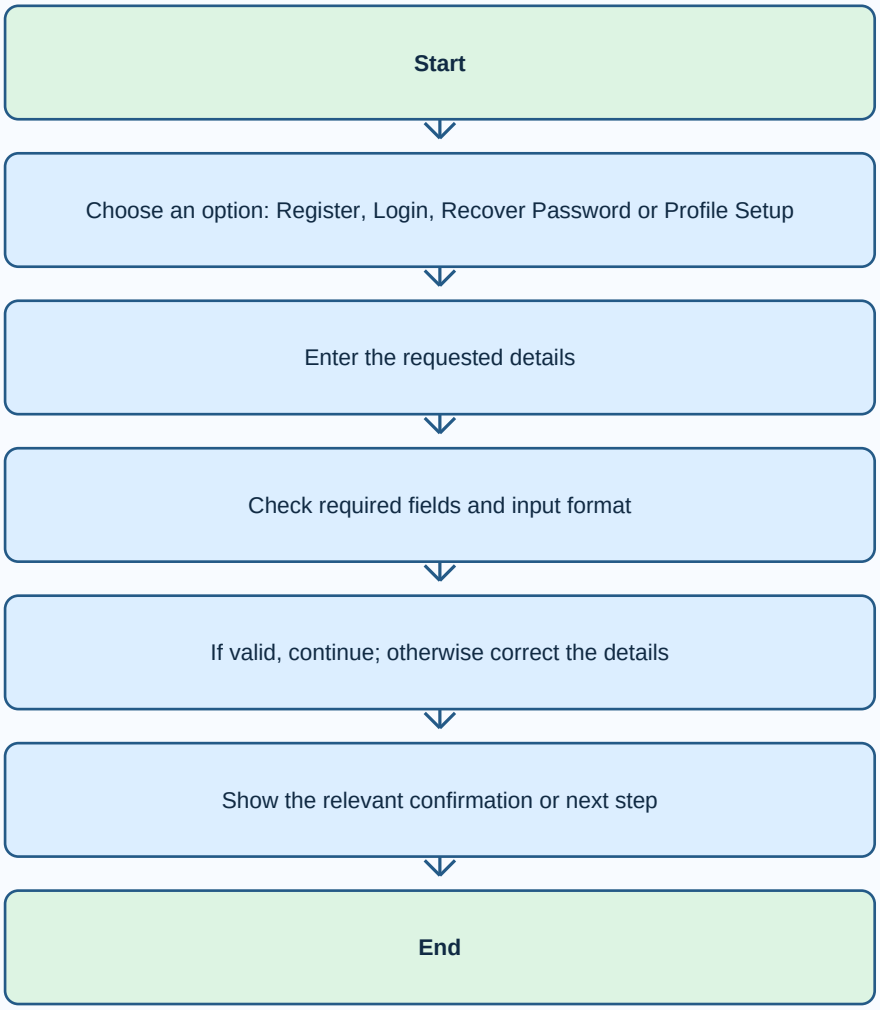

• Login: email and password fields.

• Password recovery: registered email field and reset-password action.

• Profile setup: username, phone number, date of birth and address.

• HTML required attributes are used to indicate fields that must be completed.

2. User Authentication Website — PROCESS FLOWCHART

3. Indian Tourism Website

Purpose

This webpage introduces India as a tourism destination and organizes information about places, culture, food and travel guidance.

Main sections and features

• Historical monuments: Taj Mahal, Agra Fort and Red Fort.

• Regional destinations: examples from North, South, East and West India.

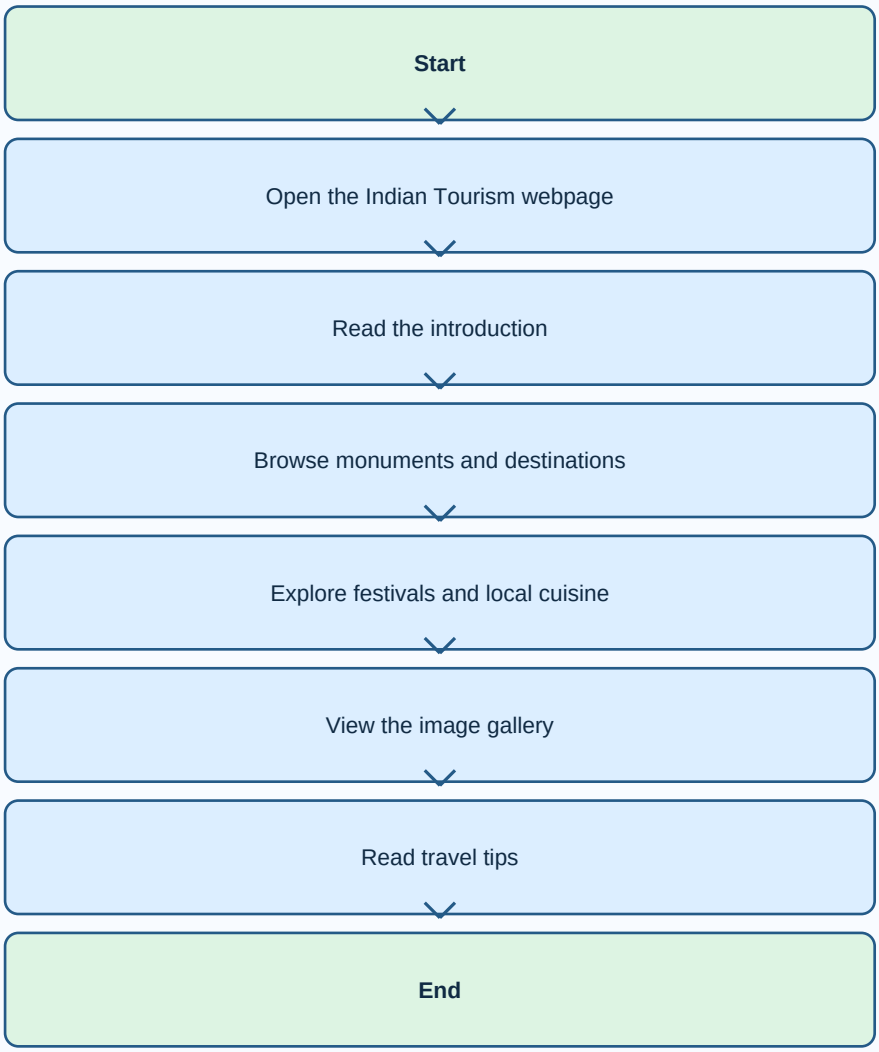

• Cultural festivals: Diwali, Holi, Eid, Pongal and Baisakhi.

• Famous foods: Hyderabadi Biryani, Idli, Dosa, Gujarati Dhokla and Punjabi Chole Bhature.

• Image gallery: sample images of tourist destinations.

• Travel tips: carry identification, book hotels in advance, carry drinking water, keep belongings safe and respect local culture.

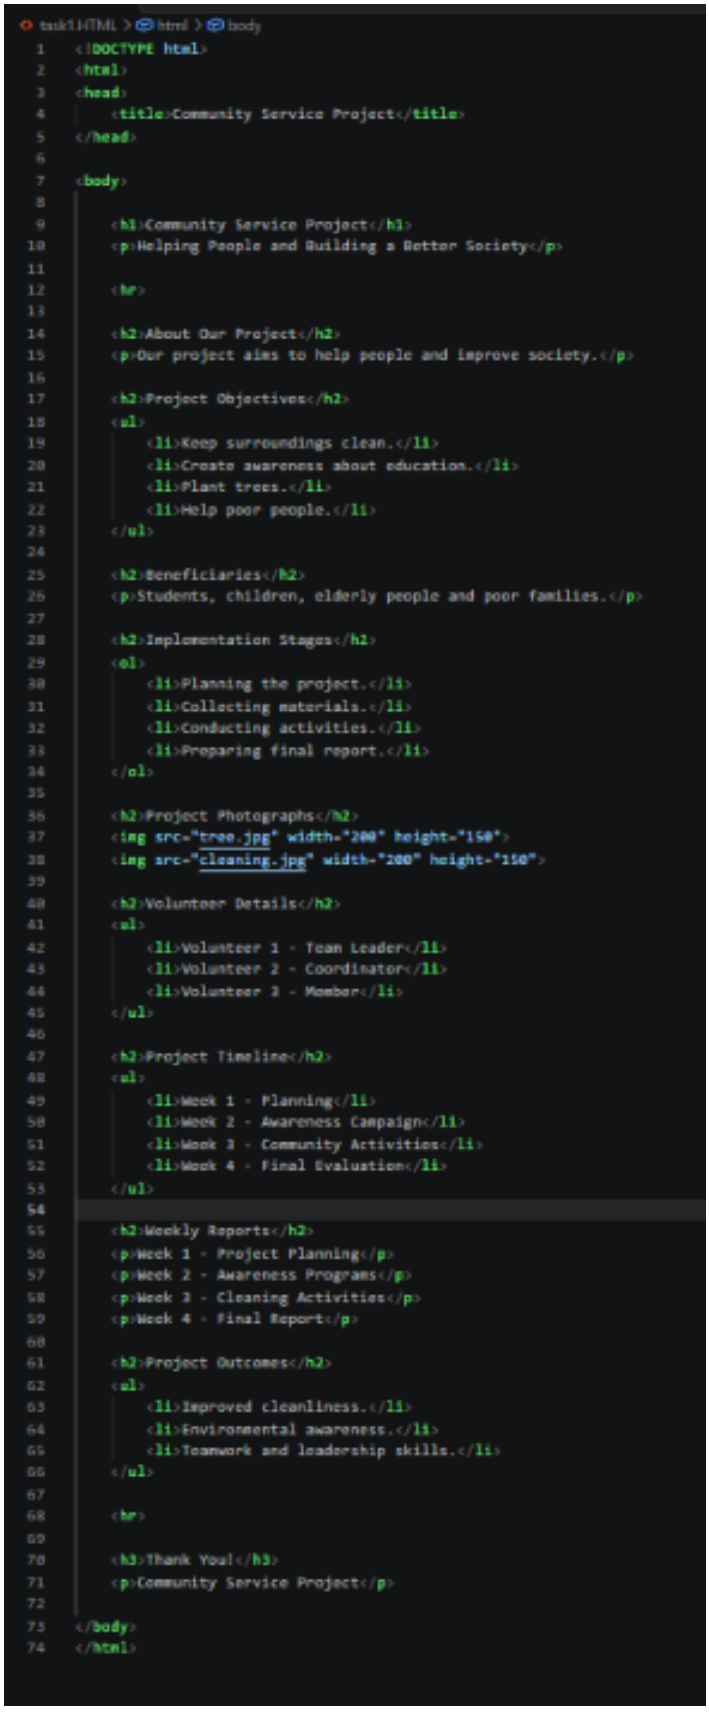

3. Indian Tourism Website — PROCESS FLOWCHART

Reference Screenshots

The original code screenshots are included below for reference. The PDF summaries and flowcharts are based on the visible HTML structure.
